**PRINCIPAL’S REPORT**

Dear Parents and Friends,

Just a quick newsletter for the end of term. It’s been a fortnight full of activity with the Anzac Day ceremony, Cross Country Carnival, parent-teacher interviews, Hat parades, student expos, Channel 10 weather broadcasts, swimming carnivals and normal classroom teaching fitting somewhere in between.

**Parent Teacher Interviews**

It was wonderful to see so many parents coming up for our interviews. This is a useful time to have them as many parents feel the end of Term 2 is too late to find out how their child is going. There was a lot of positive feedback to the school about how our programs are going and we thank you for that. We love to hear the positives not just the negatives. I hope you found the interviews useful. Remember you are most welcome to book an interview with a teacher whenever you feel it’s necessary.

**Annual School Report**

The Annual School Report for 2013 is now available on the website for you to read. It outlines our activities during last year. If you have any questions regarding the ASR please feel free to contact me.

**Stage 3 - 21st Century Learning**

I have again been treated to more student expos over the last fortnight. It is amazing to see the pride the students have taken in their work and wonderful to see so many family members coming to have a look. Congratulations to all of stage 3 and their teachers for the amount of work you have put in. Well done!

**Anzac Day**

The sky may have been grey but we still managed to show our respect for the fallen this week. It is a difficult concept for some of our younger students to grasp but our older students certainly treasure the freedoms we enjoy in this country. I still believe we are the “Lucky Country” and this is partly due to the sacrifices of previous generations. I love researching my family tree and have found it very interesting to look at my ancestors’ war records. It makes it more realistic when you find a great uncle who died at Ypres or a great grandfather who was gassed in France let alone my own father who flew Lancasters during WWII. Given that it is 100 years since World War 1 began it is a particularly relevant part of history for all of us.
Cross-Country Carnival
I am writing this before we have our cross-country carnival. I am hoping for fine weather so we can go ahead with it. Good luck to all our runners. I hope everyone has an enjoyable day.

Hat Parade
I'm looking forward to our hat parade. It's always a fun event. Given the weather forecast we have both a wet and dry parade plan in place. Hopefully you will have been able to join us to see the array of hats and masks the children wear. What a great way to finish the term.

LMBR Update and School Invoices
Unfortunately we still cannot invoice school fees as the glitch in the new system has not been fixed. The DEC is still working on it but it may take several weeks to fix. We hope to send home invoices early in Term 2.

Channel 10 Weather Live from Ironbark Ridge
It was an exciting night for us all when Tim Bailey and his crew broadcast the weather from Ironbark Ridge. Lots of students and parents turned up to really make it a night to remember. I actually feel it was our best community night since I've been here at the school. People ate sausage sandwiches and sat around having a chat between broadcasts and even after it was finished. The children were so excited to be on TV and they loved the opportunity to have a chat with Tim and his crew. His dog was also a huge success with the children. Thank you to Leigh for helping make this a huge success and to the canteen parents who were swamped but managed well.
Stewart House Envelopes
We have sent home Stewart House Donation envelopes due back early next term. Stewart House does a great job of helping families in need, giving students from NSW Public Schools a place to go when they or their parents need some respite. For some students it is the first time they have seen the sea. Stewart House relies on fundraising by Public Schools to keep going and is the one charity we support every year here at Ironbark Ridge. I urge you to drop a coin or two in the envelope to help keep this invaluable resource there for us to use in times of need.

I’d like to thank everyone for a fantastic Term 1. It hasn’t been the easiest term with the issues we have been faced with implementing LMBR. We are grateful for your support during this time. Slowly the glitches are being resolved and we hope Term 2 will be easier for our office staff. As of this week we can actually see our financial position helping me greatly when it comes to managing the school.

All the staff have worked hard to make sure that our school is a place your children enjoy coming to in order to learn. Of course we couldn’t do this without the help and support of our great P&C and our parent community. Thank you all.

I wish you all a great Easter break. For those of you who are lucky enough to have some holidays, have a wonderful time. For the rest enjoy your long weekends. We look forward to seeing you all when term 2 commences on 29th April.

Anne Forbes
Principal

DEPUTY PRINCIPAL’S REPORT

It’s been a long but rewarding term for us all at Ironbark Ridge. Students have showcased some amazing learning for us to see – from knowledge of sounds and ‘camera words’ in Kindy to in-depth ‘Expo’ presentations for parents and other students in the Hall from our Stage 3 students. Outstanding!

ANZAC Day
Last Wednesday Anne and I took all eight of our School Leaders to Castle Hill RSL for the launch of the ANZAC Day education package for 2014. Announcements were also made for next year’s centenary celebration planning. Our leaders were outstanding ambassadors for our school once again. We are all planning on attending the 6am dawn service for ANZAC Day at the war memorial at the Centenary of ANZAC Reserve, Wrights Rd, Kellyville on 25th April. A wreath will be laid on behalf of our school by the School Leaders at this event and you are all invited to join us there, and then for breakfast back at the RSL.
Parent-Teacher Interviews
Over the past two weeks, teaching staff have had the opportunity to meet with you all to discuss your child’s start to the year. These meetings have been extremely productive and highlight the important partnership we share with you in the education of each student here at our school.

Staff carpark
I have observed a small number of parents using the staff carpark over the last few weeks and wish to remind you that at no time is this allowed – either for walking through with students or for parking. We already have more staff than car spaces and cannot accommodate parents and caregivers cars at any time. Thanks for your assistance in this matter.

Classrooms
Although we enjoy inviting parents into our classrooms for special visits at Ironbark Ridge I must remind you that due to safety, the physical layout of the school and for security reasons we can’t allow students or parents to walk down to the classrooms unannounced at any time. Please check in at the office as a school visitor and arrangements to meet the teacher can be made. ‘Just popping down to the room’ is not possible unfortunately.

OC Placement Test
Applications from Year 4 parents for student entry into the OC class in 2015 will be available online from Monday 28th April. Applications then close on Friday 16th May. After the opening date, to apply go to: http://www.schools.nsw.edu.au/learning/k-6assessments/ocplacement.php

Holidays
The last day of term 1 is this Friday, 11th April. Term 2 starts for students on Tuesday 29th April. Staff will return a day earlier for Professional Learning. I encourage you to discuss safety and responsibility with your children over the school holidays and wish you all a relaxing break over Easter. We only get one chance to spend time with our children as they grow so grab it with both hands and enjoy each other’s company!

See you all on Tuesday 29th April for what promises to be another great term of learning at Ironbark Ridge.

Nick Thomson
Deputy Principal

PS: Here’s a few choice pics from our recently held “Ridgy the Ironbark frog” launch…
The world has undergone such rapid change that old parenting rules and mantras that may have served us well no longer seem to apply. We need new rules and new ways of looking at the parenting landscape to make sure we remain relevant and successfully meet the new challenges of raising kids.

Let's examine five old rules, see why they are not working and, importantly, what can we put in its place.

**Old rule # 1:** Cognitive ability was the key to future success

Paul Tough, author of How Kids Succeed, refers to our focus on children’s academic capability as the great cognitive lie. When kids face success all the time, and we make life easy for kids we set them up for failure. When life gets tough they falter.

**New rule # 1:** Character strengths as well as cognitive smarts help kids succeed.

It’s not cognitive ability alone, but character strengths such as grit, self-regulation and social intelligence that will determine kids’ success. These character strengths are forged under hardship and duress. **Character strengths become neurological – they impact on brain – so conscientiousness becomes the default mechanism.**

**Old rule # 2:** Self-esteem was the key to healthy development

Healthy self-esteem development has been central to children’s success over the past few decades. Somehow we’ve lost our way and gone overboard putting all sorts of strategies in place, such as removing the scoreboard in children’s sport, to remove the threats to self-esteem. Protecting kids from such realities does them few favours.

**New rule # 2:** Self-awareness is the key to healthy (long-term) development

Kids with high emotional intelligence have great self-awareness. They can recognise emotions. They have developed a language around emotion. Are they…….concerned, cautious, worried, fretting or feeling overwhelmed? When you can label your emotions you can then regulate them.

**Old rule # 3:** Perfect was worth doing.

Who has a low risk-taker in the family? Risk aversion is linked to perfectionism.

**New rule # 3:** Imperfect is ok.

The work promoted by Carol Dweck and others, supported by science tells us that we need to develop growth mindset in kids. Intelligence is not fixed, but malleable. We can get smarter. There are many ways that our imperfect selves learn.

**Old rule # 4:** Kids had to learn about the adult world

Parenting has always been about being gradually exposing children to the adult world so kids had to learn about the world of adults.

**New rule # 4:** Adults need to become familiar with kids’ worlds

We’ve now reached the age of digital parenting. In our new Parentingideas magazine Catherine Gerhardt has written a wonderful piece on Social Netiquette for young people. I highly recommend you read this as its reminds us we now have to help kids transfer social niceties from the offline world into the digital environment. (click the link or see further down in the newsletter for a free download pdf!)

**Old rule # 5:** Parenting strategy had to be psychologically & philosophically sound.

Many of the parenting mantras we’ve grown up with have focused on a particular parenting philosophy (To smack or not to smack) or psychologically sound principals (Does smacking harm or help in a psychological sense?). This old way of accessing parenting strategy is limiting

**New rule # 5:** Parenting strategy needs to be developmentally appropriate.

Understanding your child’s developmental journey makes it easier for you to meet their emotional and psychological needs. Lack of understanding of developmental needs means that your strategy often misses the mark. In the past, most parents had good intuitive developmental knowledge as families were bigger and there were simply more kids around. Now in small families, we lack knowledge that comes from both experience and exposure to children, and so can be flummoxed by behaviour which is developmentally appropriate. Match their needs and life become easier all round.

**Let's recap these new rules of parenting:**

1. Character strengths as well as cognitive smarts will help kids succeed.
2. Self-awareness is the key to healthy development
3. Imperfect is okay.
4. Adults need to become familiar with kids’ worlds.
5. Parenting strategy needs to be developmentally appropriate.
Many thanks to all parents who attended Early Stage 1 parent interviews, our hat parade and our K-2 Cross Country Carnival over the past few weeks. We hope you enjoyed them as much as we did. It was great to be able to celebrate and discuss your children’s successes with you. If you didn’t get the chance to meet with your teacher please feel free to make arrangements via the office or with your class teachers.

Ironbark Ridge Public School is a Crunch and Sip accredited school and this means that Kindergarten will start participating in Fruit Break in Term 2. Each student needs to bring a small serve of fruit to be consumed during class time each morning before recess. Could all parents please provide their children with a small portion of cut fruit that they enjoy eating. Where possible please ensure that fruit is washed and cut into suitable sized pieces and that it is not excessively juicy. Sliced apples, strawberries, a mandarin or a few melon pieces all with the skin off are just a few examples of what students might bring. Please no nuts, eggs, fish or other foods that may produce an allergic response in students should be sent to school for recess, lunch or fruit break.

Over the holidays keep revising sight words, numbers and familiar readers on Bug Club. The Rouse Hill Library is well worth a visit during the vacation as they have levelled readers available for borrowing. Next term home reading will start for ES1. A reader will be sent home for each Kindy student to read. Please return readers on days allocated by class teachers.

Have a great holiday!

The Early Stage 1 Team
STAGE 1 SNIPPETS

Anzac Day.
Last Tuesday we held our school ANZAC Day Service. Our school leaders did a wonderful job of conducting the ceremony and all students were extremely respectful for the occasion. Thank you to all the families who donated flowers for the class wreaths and a big thank you to Mrs Grieg, Mrs Moss, Mrs Luton, Mrs Bryce

Kind Regards,
Stage 1 Teachers

CHINESE NEWS

Nǐmen hǎo! 你们 好
What a busy term! Early Stage 1 have learned so much this term, saying hello, goodbye and thank you. They can introduce themselves, tell you how they are feeling and count to 5. They can also read and write some of the characters for their numbers as well. Stage 1 have been focusing on greetings and introductions and counting to 20. Stage 2 have been focusing on their greetings and introductions also, as well as writing in Chinese characters. They are counting to 20 and learning about an average day in the life of a Chinese student their age. Stage 3 have worked very hard this term on their writing skills and understanding how to look up new words in a Chinese dictionary. This is a complex task which the students are now doing extremely well, opening up a whole new range of words and phrases for their future language learning. Congratulations to everyone on their hard work this term 😊
Enjoy the holidays and have a happy Easter!

Mrs Linda Przyrembel – Chinese Teacher K-6

SPORTS REPORT:

Indoor Milo Cup cricket competition

On the 11th March a boys’ team and a girls’ team represented Ironbark Ridge in an indoor cricket competition held at Richmond Indoor Sports Centre. The students participated in three matches competing against Kurrajong East Public, Annangrove Public and Freemans Reach Public.

The level of skill improvement and understanding of how to play indoor cricket, especially from the girls’ team, throughout the day was amazing to witness. Further to this, it was wonderful to see the fantastic sportsmanship that our students displayed despite winning or losing their games. They represented the school with great distinction!

Lastly, an event like this can’t happen without parental support and as a result, I would like to thank all the parents who drove students to and from the venue.
Ridges Zone Rugby League Team

Three of our best Rugby League players, recently selected as part of the Ridges Zone PSSA Rep. team, competed at the Sydney West Area Rugby League Carnival on Tuesday of this week. The three students, Makkai, Riley and Tye, all played in both the Under 11s and the Open Primary teams – an amazing achievement in itself!
The Ridges Open team played particularly well, winning their pool and progressing to the semi-finals where they were narrowly defeated 6-4 by the Castle Hill Zone team. This is the best performance by a Ridges Rugby League team in some years. Our boys proved they are among the best players in Western Sydney and represented Ironbark Ridge and the Ridges Zone with great pride. Congratulations to Tye, Makkai and Riley who played five games all up on the day (before heading off to their own weekend team’s training session in the evening!)
The boys are shown here in both their 11yrs (red), and the Opens (black/blue) playing strips.

HAWKESBURY AFL PAUL KELLY CUP

Last week Mr Thomson and Mrs Nahirny took 32 students and participated in the Hawkesbury Paul Kelly Cup. We entered two competitive teams on the day, one girls’ team and one boys’ team.

Boys Team

Girls Team

The boys lost the first game, won the second and only just lost the third game. The girls lost their first and second games and won the third. The sportsmanship that our students showed to other team members and the opposing teams was fantastic. Well done to all of the students who participated in this day. Thank you to Mr and Mrs P, Mrs L, Mr and Mrs G, Mrs A, Mrs D, Mrs M and Mrs G for transporting kids to and from Bensons Lane in Richmond and the kids really enjoyed the surprise stop too!

PSSA WINTER SPORTS TRIALS… POSTPONED.

Due to wet weather PSSA trials will not be held this Friday and will now be held during lunch times and the first Friday back in Term 2. Students will need to listen to morning messages to know when trial times will be.

Our Summer PSSA teams have all played really well. Results are available on the Ridges PSSA website. http://web1.kellyridge-p.schools.nsw.edu.au/wordpress/

Tamara Nahirny & Mark Pengelly
PD/H/PE Coordinators
Hat Parade

The school Hat Parade will be held on Friday the 11th April, 2013. It will commence at 12:00pm in the COLA area near the canteen. Parents and visitors are welcome to attend the parade and join their child for a picnic lunch at the conclusion of the parade. Children in K-2 are encouraged to make a hat, whilst 3-6 is able to make masks. Teachers will advise their individual classes regarding expectations.

We look forward to seeing the students’ creations and hope to see you on the day!

CAPA committee.

ADMINISTRATION NEWS:
Just a reminder to all parents that we are now processing EFTPOS payments. We cannot process EFTPOS payments after 1.00pm. All monies should be put in an envelope in the green box at the office each morning on arrival at school. No monies are to go to the classroom teacher.

SCHOOL BANKING DAY REMINDER:
Don’t forget that Friday is School Banking day and students should bring in their weekly deposit. For every deposit made at school, no matter how big or small, students will receive a cool Dollarmites token. The first token will be received upon the first deposit at school. Once students have individually collected 10 tokens they can then be redeemed for a range of great, exclusive reward items in recognition of their continued savings behaviour. Thank you for supporting the School Banking program.
Get Michael Grose’s ‘Parenting Ideas’ magazine for free…

What’s Parentingideas Magazine about?

A truly inspiring read, each issue is designed to give parents the skills and know-how to equip their kids to be happy and successful in a constantly changing world.

Parentingideas Magazine covers topics from social and emotional intelligence, resilience and better behaviour through to social media safety, talking with teens and being a great dad.

The magazine aims at primary-school and secondary school parents.

Click the magazine below to download a copy of this month’s edition as a pdf straight into your tablet or phone or onto your computer!
